

## 2016 ICUU Conference & Council Meeting Guide - 3rd Edition

Be part of the 2016 ICUU Council Meeting and Conference from 17 to 22 July at the beautiful and socially responsible conference center – Mennorode - in Elspeter, the Netherlands, easily reachable from Amsterdam.

Mennorode conference centre is focused around environmental sustainability featuring:

- Use of energy from thermal power and solar panels
- Collection of rainwater for flushing the toilets
- Sustainable services and materials: FSC wood, environmentally friendly cleaning, fair-trade products
- Meals include up to 65% organic products and offer a range of regional and seasonal products derived from local suppliers.

Mennorode Conference Hotel has a unique history as a centre for reflection and gathering. It was created in 1925 as a so-called "fraternity house" of the Mennonite community. This is a small, non-dogmatic and open group within the Christian tradition, with attention to meaning, personal growth and social commitment.

Single and double rooms will be available. The site is surrounded by nature and bicycles are available to explore the local countryside. Nunspeet railway station is a short distance by shuttle bus with easy access to most of the Netherlands by train. Accommodation is also available before or after the ICUU event at Mennorode. Bring the family and combine your participation at this important ICUU gathering with vacation time in Europe.

More information about the site can be found at <http://www.mennorode.nl/en>

## Theme

The theme of the Council Meeting will be "Essex 2.0": twenty-one years on from its founding, how does ICUU need to change or stay the same to respond effectively to the global Unitarian and Unitarian Universalist community of the century ahead.

The theme of the Conference is "WINDS OF CHANGE: Global Connection and Climate Change": What should be our faithful response to the threatened physical environment we know as our home.? What spiritual responsibilities do we have to each other as part of our interdependent web of all existence? Does religion have a special role to play in rebuilding our Blue Boat Home?

## Program Elements

### Keynote Speaker

Klaas van Egmond is Professor of Sustainability and Environment at Utrecht University, the Netherlands. Previously, he was Director of the National Institute for Public Health and the Environment and of the Netherlands Environmental Assessment Agency. He completed several studies on all aspects of environment and sustainability for the Dutch government, the EU and the UN.

Van Egmond has written and spoken extensively on “sustainable civilization” including a book by that title published in 2014. Egmond contends “the solely technological approach taken...apparently has not solved the problem. The real roots of the sustainability crisis can be found in human value orientations and subsequently so must the real solutions. Understanding human values and needs as well as the underlying world views allows the

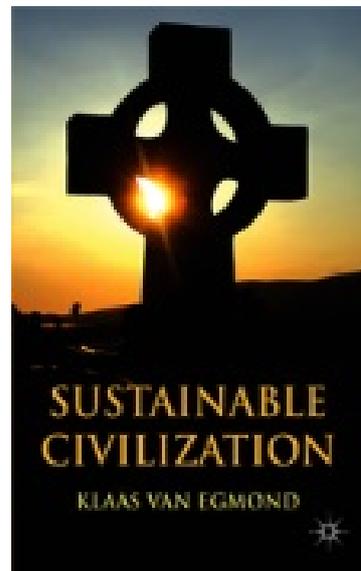

formulation of a new, sustainability oriented ethical framework, the re-definition of human dignity and a practical agenda for sustainability policies.”

He is an active member of the Vrijzinnigen Nederland congregation in Bilthoven. His talk will particularly on the role of religion in sustainable civilization and he will consider the particular contribution liberal and progress religion can offer to this shift in worldviews.

Two English language presentations by Prof. Klaas van Egmond can be viewed on You Tube:

Several other speakers will respond to the keynote speakers, followed by group discussions leading to an action plan for personal and collective involvement.

More information and the sign-up link can be found at <https://www.futurelearn.com/courses/dutch>

**CLIMATE NEUTRAL** This Council Meeting and Conference is intended to be a climate neutral event (aside from travel) as much as possible. €1 per participant per day will go to the Climate Neutral Group to offset impact. As part of this effort and in request to comments from the last Council Meeting, no souvenirs or blag such as a bag will be produced. Participants are encouraged to bring their own bag. We will also seek to minimize the production and distribution of paper items and encourage recycling. Any suggestions in this direction would be welcomed.

**Chalice Circles** An opportunity to meet daily with a small group of participants from other countries, getting to know each other, focusing on elements of faith and spirituality. Lifelong friendships and connections are often formed in Chalice Circles.

**Worship** Each day begins with a communal act of worship led by participants from other countries -- an opportunity to experience spiritual practice of other cultures. Worship also features in the Opening and Closing Ceremony.

**Workshops & Other Meetings** A variety of theme-related workshops and other special meetings will be available during the times indicated on the schedule. ICUU Member groups can submit workshop proposals.

**Learning Day** A new feature will be the opportunity to take one or two short training courses at the conference. Expected offerings at this Conference will include:

There will also be two post-conference one day tours available visiting towns one day and nature another day. More information will be sent to those expressing an interest when registering.

**Young Adults Program** Young adults (ages 21-35) are especially encouraged to attend the ICUU Council Meeting and Conference. In addition to participating in the general programming, young adults are provided an enriching program throughout the week, including leadership building, workshops, and social time. Special funding is available for young adults for part or all of the cost, especially for those attending outside of Western Europe and North America. To be eligible for these funds, young adults will need to fill out a separate request in addition to the Council Meeting and Conference online registration. Contact Melody Moberg ([melody.moberg@uuchurch.org](mailto:melody.moberg@uuchurch.org)) for more information.
